

## 2003 Napa Valley Cabernet Sauvignon

This classic Cabernet from Rutherford fruit is a tribute to Gustavo's childhood. Having grown up in Rutherford he spent his formative years hanging out at B.V. where his father worked. To him this is what Cabernet is SUPPOSED to smell and taste like. It is dark red with deep fruit aromas as well as hints of cassis, cherry, blueberry and vanilla. The sweet cherry mouth is followed by layers of tobacco and chocolate. The lingering tannins are well balanced by Gustavo's oak management. This big fruit was bin-fermented and then originally put into old French barrels for 2 ½ years to develop the fruit and then moved to new French barrels for 8 months to enrich to oak integration. This is a trip down memory lane to those who remember the elegant, old-world style Cabernets made in the Napa Valley years ago. Only 300 cases made.
